

Microsoft | Diep

Introducing Diep Vu, your next new hire

Why does Diep want to work for Microsoft?

Diep aligns with Microsoft's goal,
"to empower every person and every organization on the planet to achieve more."

(Satya Nadella, CEO)

Microsoft's Culture

Microsoft is renowned for its inclusive and innovative culture that encourages creativity and supports personal and professional growth. As a student at the University of Miami, I experienced the joy of collaborating with bright, passionate individuals. Working at Microsoft will once again immerse me in an environment where I can thrive and contribute to groundbreaking advancements.

Microsoft's Impactful Work

Microsoft leads in technological innovation, creating solutions that shape the future. Working here means contributing to impactful projects across industries. From M365 to AI and productivity tools advancements, employees help develop technologies that empower people and organizations globally.

□ Microsoft's Sustainability and Social Responsibility

Ambitious goals like being carbon-negative by 2030 and reducing water usage attract me. Microsoft's initiatives aim to tackle global challenges, promote digital inclusion, and ensure technology benefits everyone. In this critical time for our planet, I am eager to support Microsoft in positively impacting sustainability and social responsibility.

Expand opportunity

Earn trust

Protect fundamental rights

Advance sustainability

Diep is..

curious by nature.

I never stop learning. I take pride in my ability to quickly learn and apply new technology.

an industrious person.

A 3.9 GPA shows that I work hard. I am proactive, taking the initiative to complete tasks efficiently and effectively. I am organized and focused, managing their time and resources well to maximize output and quality of work

passionate about helping people.

I am passionate about helping people; I'm always willing to go above and beyond to benefit others. I enjoy teaching which helps me receive the 2024 Top Undergraduate Teaching Assistant Award at the University of Miami.

a team player.

I can adapt to changing situations, support team members, resolve conflicts constructively, and maintain a positive attitude to enhance team morale.

A 30-60-90 plan for when Diep gets hired:

30 Days

- Celebrate joining Microsoft and get settled into my new role.
- Attend orientation and complete required training, focusing on company culture, values, and policies.
- Set up Objectives and Key Results for the rest of the quarter
- Have a coffee chat with everyone on my team

60 Days

- Determine a metric to measure my comfort level with the tech stack, aiming to make a noticeable improvement within 30 days
- Actively participate in code reviews, providing and receiving constructive feedback.
- Network beyond the team, having coffee chats with colleagues in other teams
- Read one book relevant to software engineering

90 Days

- Take ownership of a small project or a substantial part of a larger project, demonstrating initiative and responsibility.
- Continue networking
- Arrange a meeting with my team lead to discuss my progress and receive feedback.
- Create a new plan to address any weaknesses and set goals for continued improvement.
